

PRINTING WITH YOUR MOBILE APP

1 Download the Monitor mobile app by searching for “Monitor Business Machine” in the app store or Google Play

2 Register app with Libraries SA by scanning the site QR Code

3 Enter library card number

4 Select files for printing

5 Change the attributes as needed (Color, B&W etc.) and press confirm

Then visit the library within 24 hours and:

6 Either scan your library card at the photocopier and select “My Print” to release your printing job

7 Or print from app and scan printer QR code located on photocopier screen
